COMPANY PROFILE

EDDY Pump has proudly served the US Navy for over 25 years. This has led to tens of millions in cost savings. EDDY Pump Corporation is an engineering firm that manufactures pumps and dredge equipment. We are committed to providing the best pump technology and service to fit the needs of our clients. Since our founding in 1984, we continue the tradition of innovation by constantly staying ahead of the curve. EDDY Pump brings our clients the most breakthrough technology and service the industry has to offer, driven by solving complicated client problems.

Industries we serve include the US Navy, Oil & Gas, Mining, Wastewater, Dredging, Fracking, Chemical and others. The EDDY Pump is not a Centrifugal, Vortex or Positive Displacement Pump. Instead, it is a patented design built to harness the power of a tornado into fluid dynamics, creating a synchronized eddy current. This design enables the EDDY Pump to handle material once deemed impossible or cost prohibitive. Pump up to 30-70% solids.

NAICS CODES

- 333996: Fluid Power Pump and Motor Manufacturing. Pneumatic pumps,- Fuid power, Manufacturing
- 423830: Industrial Machinery and Equipment Merchant Wholesalers Hydraulic pumps and parts merchant wholesalers
- 213112: Support Activities for Oil and Gas - Operations Pumping oil and gas wells on a contract basis
- 213113: Support Activities for Coal Mining - Draining or pumping coal mines on a contract basis
- 213114: Support Activities for Metal Mining Draining or pumping of metal mines on a contract basis
- 213115: Support Activities for Nonmetallic Minerals (except Fuels) Mining Draining or Pumping of nonmetallic mineral mines
- 237110: Water and Sewer Line and Related Structures Construction
- Pumping station, Water and Sewage system, Construction
- 333996: Fluid Power Pump and Motor Manufacturing
- 333131: Mining Machinery and Equipment Manufacturing
- 333132: Oil and Gas Field Machinery and Equipment Manufacturing
- 532412: Construction, Mining, and Forestry Machinery and Equipment Rental and Leasing

COMPANY SNAPSHOT

- EIN Number: 36-3320511
- Year of incorporation: 1984
- D-U-N-S Number: 153432349
- CAGE Code: 0XU76
- Clearances: Field and Support Staff have DBIDS Clearance
- State of Incorporation: Delaware
- Corporation type: C-Corp
- Contract Vehicles: DLA Approved Vendor, NAVSEA Approved Vendor

CORE CAPABILITIES

OEM of Marine Pumps and Dredge Systems. We offer Service and Engineering capabilities for our products. Primary systems include:

- CHT
- Brine
- Graywater Systems
- Desalination Pumps
- VCHT
- Wastewater
- Ground Food Waste
- Dredge Equipment

PRODUCTS

- Pumps
- Navy & Marine Pumps
- Automated Control Systems
- Dredging Systems
- PLC Controllers

SERVICES

- OEM Pump and Dredge Equipment Sales
- Worldwide Field Services
- Equipment Rebuild & Repair
- OEM Ships Force Training

MAJOR CLIENTS

GOVERNMENT:

- US Navy
- Army Corps of Engineers
- Military Sealift Command - MSC
- Defense Logistics Agency - DLA
- Naval Sea Systems Command - NAVSEA
- New York City DEP
- US Bureau of Reclamation

COMMERCIAL:

- NASSCO
- Newport News Shipbuilding
- Huntington Ingalls Shipbuilding
- Rio Tinto
- Halliburton
- ConocoPhillips & Duke Energy

CERTIFICATIONS

- Small Business
- Economically Disadvantaged Woman Owned Small Business (EDWOSB)
